About Us
Arkansas Hands & Voices supports all families with children who are deaf / hard of hearing regardless of communication choice. We embrace parent and professional collaboration to enable deaf / hard of hearing children to reach their full potential.

Our Services:
Guide by Your Side (GBYS)
GBYS is a family support program that embodies the mission of AR H&V. GBYS does this through specially trained “Guides” who are parents of children who are D/HH and D/HH adults. These “Guides” work directly with families who have just learned of their child’s hearing condition.

Advocacy, Support & Training Program (ASTra)
The ASTra program strives to create an understanding of the basic components of educational advocacy for children who are D/HH so that parents / guardians are better equipped to advocate for their children. ASTra Advocates have been trained as lay advocates to provide advocacy resources, support, and assistance with IEP preparation to parents as well as educational advocacy training for parents and professionals.
